Welcome to UHI Argyll

UHI Argyll works closely with local authorities, our partners and secondary schools to deliver a wide range of qualifications to school pupils. Senior phase pupils in S4, S5 and S6 can study a College course as part of your normal school timetable.

Our aim is to ensure young people have access to work-relevant educational experience to enable them to make informed and ambitious choices about the career route that's right for them.

Our courses help you progress in your chosen career path by developing life and work skills.

They aim to: -

- + broaden your curriculum choices
- + enrich your educational experiences
- + help you to develop knowledge and skills for employment and further study, such as analysing and problem solving
- + help ease your transition from school to further learning or employment
- + help you with life skills such as responsibility, attendance, punctuality and independent travel

Types of study

UHI Argyll is different from traditional universities and colleges.

We offer highly flexible, multi-level access to further and higher education. That means it's easy to join and leave at just about any stage in your academic, professional or personal journey.

No matter how many semesters or years you spend at UHI Argyll, each course you take will offer a clear pathway for progression to the next level, or to the world of work.

Further education (FE)

- + FE includes courses with a strong work focus, like National Qualifications (NQs), National Certificates (NCs) and Scottish Vocational Qualifications (SVQs). NQs and NCs prepare students for work and act as stepping-stones to higher education, while SVQs provide opportunities to gain qualifications while in work.

Higher education (HE)

- + HE is the term for study beyond school and FE level. HE courses include Higher National Certificates and Diplomas, and BA, BSc and BEng Honours degrees.
- + If you have the right entry qualifications you can go straight into an HE course with us, but if you need to, you can take an FE course first to prepare.

Skills for Work (SfW)

- + These courses focus on employability skills needed for success in the workplace. The courses offer learners opportunities to learn these skills through a variety of practical experiences that are linked to vocational areas. Skills for Work courses help young people to develop their self-confidence. They also aim to provide a very positive learning experience. A chance to work on practical skills that relate to the world of work provides real benefits to learners.

Study modes

Face to Face

- + These classes are face to face on campus by a lecturer with student participation.
- + Depending on which course you may come to your local college centre or take your class in your school building.

Online

- + Pupils learn through online study, supported by lecturers usually in a 'live' online timetabled class in our virtual learning environment.

Blended

- + Pupils learn through a combination of online and face to face delivery. Online may be via video conference tutorials with a lecturer and/or online study via our virtual learning environment Brightspace.

Types of courses

If you're still at school, UHI Argyll could help you get a head start into further or higher education, or the world of work.

Our Senior Phase Programme allows school students in S4, 5 or 6 to study with us.

You could access a subject that's not available at your school, try out a course for size, or do a Foundation Apprenticeship (available for S5 and S6) alongside your Nationals and Highers.

If you're about to leave school you might be thinking of studying for a degree, or taking a shorter course which will help you enter the world of work. We offer a flexible structure in most subjects - so you can begin with a one-year NC course, for example, then progress to HNC, HND or degree level study if it's right for you.

Full time courses generally require you to attend classes for about 20 hours a week, though subjects vary.

We also offer a Modern Apprenticeship programme, where students study towards nationally recognised qualifications while in work.

In some areas we also offer access and introduction courses that can help you make the leap from school to college or university.

Advanced studies

Pupils moving into S6 now have greater choice and flexibility over subjects to study.

Along with our partners across UHI, there are a wide range of Degree Level Modules available to you that can be studied at anytime from anywhere.

These modules are fully online and will be delivered from one of twelve institutions that make up the University of the Highlands and Islands.

You will have a dedicated Personal Academic Tutor who is available for course support throughout your studies.

This is a great opportunity to experience university level study before taking the leap from school into Higher education.

Make your UCAS application stand out or help build your CV if moving onto employment.

National 5 and Highers

- + S5 and S6 pupils can apply for National 5 and Higher courses at College that may not be available on their school curriculum.

National Progression Award (NPA)

- + Delivered by partnerships between schools, colleges and employers, NPAs assess skills in specialist vocational areas like construction, childcare and digital literacy.
- + They also link to National Occupational Standards, which are the basis of SVQs.

Foundation Apprenticeships (FA)

- + These aim to give young person experience of the world of work and gain industry knowledge while you're still at school. There are various subjects to choose from and all were designed in partnership with employers.

Professional Development Awards (PDA)

- + PDAs are flexible qualifications and can be used to either extend or broaden professional and vocational skills.

Degree Modules

- + These courses give you a taste of what studying at degree level is like by allowing you to study a module from one of our degree courses.

Short courses

- + As a learning hub for the whole Argyll community, we offer a wide range of short courses to help local people and businesses attain their immediate goals, for work and for life.
- + These courses include First Aid, IT skills and more.

Entry requirements and progression routes

Some courses have specific entry requirements. Entry to all other courses will be based on your application form and/or interview.

Scottish Credit and Qualifications Framework (SCQF)

The SCQF Framework allows you to compare levels across different awards, build a progression route to your desired qualification, and transfer credit from one award to another.

For more information please visit the SCQF website at: www.scqf.org.uk to view the interactive version of the Framework.

SCQF Levels	SQA Qualifications			Qualifications of Higher Education Institutions	Apprenticeships & SVQs
12				Doctoral Degree	Professional Apprenticeship
11				Masters Degree, Integrated Masters Degree, Post Graduate Diploma, Post Graduate Certificate	Graduate Apprenticeship Professional Apprenticeship SVQ
10				Honours Degree, Graduate Diploma, Graduate Certificate	Graduate Apprenticeship Professional Apprenticeship
9			Professional Development Award	Bachelors / Ordinary Degree, Graduate Diploma, Graduate Certificate	Graduate Apprenticeship Technical Apprenticeship SVQ
8		Higher National Diploma		Diploma Of Higher Education	Higher Apprenticeship Technical Apprenticeship SVQ
7	Advanced Higher, Awards, Scottish Baccalaureate	Higher National Certificate		Certificate Of Higher Education	Modern Apprenticeship SVQ
6	Higher, Awards, Skills for Work Higher				Modern Apprenticeship Foundation Apprenticeship SVQ
5	National 5, Awards, Skills for Work National 5				Modern Apprenticeship SVQ
4	National 4, Awards, Skills for Work National 4	National Certificate	National Progression Award		SVQ
3	National 3, Awards, Skills for Work National 3				
2	National 2, Awards				
1	National 1, Awards				

Scottish Qualifications Authority (SQA)

The SQA is the public body responsible for accrediting educational awards in Scotland. The table shows the levels and credit points for SQA units, courses and group awards.

Progression routes

In addition to our flexible entry points, most of our courses offer a clear pathway for progression on to the next level of qualification, ensuring that you can achieve your ambition.

This diagram illustrates the ways you can progress from one level of study to the next.

Apprenticeships offer alternative routes to qualification and employment. They offer high quality work-based learning, combining both the best of academic and vocational learning in one single qualification. Depending on your level of study, there are three options: Foundation, Modern and Graduate:

Childcare

SfW Early Learning and Childcare - Nat 5

SCQF Level 5

What skills will you gain?

This is an to working with children aged 0-12 years. You will gain an understanding of the key milestones in children's development and learning. With guidance from your lecturer, you will learn to develop relevant employment skills such as team working and helping to plan play experiences while learning about the care and development of children.

What units will I study?

- + Child Development
- + Working in Early Education and Childcare
- + Play in Early Education and Childcare
- + Care of Children

Entry requirements

Ideally, you should be working towards National 5.

How will I be assessed

Assessments will be undertaken throughout the course and will require written submissions.

Where will it take me?

- + Higher Childcare and Development - at school
- + NC Early Education and Childcare – at college
- + SVQ in Social Services (Children and YoungPeople) – at college

SCQF Credit Points 24

Higher Childcare and Development

SCQF Level 6

What skills will you gain?

The course will enable you to understand child development from pre-birth to 16 and the roles and responsibilities of those who contribute to the development of children and young people.

You will study the holistic needs of children and young people and explore how these needs interrelate, evaluate methods for assessing the development of children, and identify and analyse factors that influence child development. You will also study theories of development and analyse these in relation to working with children and young people.

What units will I study?

- + Child Development
- + Child Development: Theory
- + Services for Children and Young People

Entry requirements

You will normally be expected to have attained National 5 Early Learning and Childcare or similar. You will also benefit from having National 5 English.

How will I be assessed

You are required to submit a project assignment in April which will be worth 70% of your total mark, and undertake a formal written exam at the end of the course worth 30% of the overall mark.

Where will it take me?

- +SVQ Social Services (Children and Young People)
- +NC Early Education and Childcare

SCQF Credit Points 24

Hospitality

SfW Hospitality - Nat 5

SCQF Level 5

What skills will you gain?

This course will give you an introduction to the different sectors of the hospitality industry. It covers the types of services offered and the organisational aims of hospitality establishments. You will develop a range of skills and gain practical experience in menu planning, preparing, cooking and presenting a range of foods in a professional kitchen, serving food and drinks, undertaking reception duties and customer care, and planning, organising and running a small hospitality event. The course places emphasis on the employability skills and attitudes which will help to prepare you for the workplace.

What units will I study?

- ✦ Developing Skills for Working in Hospitality
- ✦ Developing Skills for Working in the Professional Kitchen
- ✦ Front of House Operations
- ✦ Hospitality Events

Entry requirements

You don't need passes in specific subjects to join this course, but you need a positive attitude and you should be willing to learn new skills.

How will I be assessed

Assessments will be undertaken throughout the course based on observations of you carrying out practical tasks, and your written and verbal responses to questions.

Where will it take me?

This course is an ideal first step towards a career in Hotel Front of House, Restaurants, Bars or Tourist Attractions.

This course will provide you with a multitude of transferable skills you could use in any job.

SCQF Credit Points 24

Rural Skills

SfW Rural Skills - Nat 5

SCQF Level 5

What skills will you gain?

Much of your learning will be in a real or realistic work-setting and you will be undertaking practical tasks in an outdoor environment although there will also be some theoretical classroom sessions.

You will undertake an investigation of a rural business, examining how it is run, how it fits in with the local community and how the business could diversify into other areas.

What units will I study?

- + Rural Business Investigation
- + Animal Care: Accommodation and Handling
- + Animal Care: Small Animal Feeding

Entry requirements

Ideally you will already have National 4 Rural Skills (Skills for Work).

How will I be assessed

Assessments will be undertaken throughout the course and will take the form of participation in group work, multiple-choice papers, written submissions, and one short verbal presentation.

Where will it take me?

- + NC Horticulture – in college
- + Modern Apprenticeship – work based

SCQF Credit Points 18

Construction & Engineering

NPA Construction Craft Technician

SCQF Level 4

What skills will you gain?

This course is a blend of practical exercises and activities work where you will gain a range of practical hand skills through Carpentry and Joinery, Brickwork, Roof Tiling, Painting and Decorating. Craft skills will be completed and assessed within a workshop environment or as part of a live project. In addition to the practical skills you will research other job roles and responsibilities within the construction sector, in particular to the Construction Technician profession such as architects, project managers, building engineers and surveyors.

What units will I study?

- + Understanding Industry
- + Personal Development: Self and Work
- + Carpentry and Bench Joinery
- + Brickwork
- + Painting and Decorating

Entry requirements

You don't need passes in specific subjects to join this course, but you need a positive attitude and you should be willing to learn new skills.

How will I be assessed

Assessments will be undertaken throughout the course based on observations of you carrying out practical tasks, and your written and verbal responses to questions.

Where will it take me?

- + A modern apprenticeship in construction

SCQF Credit Points 18

Computing & Digital

NPA Cyber Security

SCQF Level 5

What skills will you gain?

This course will raise your awareness of cyber security. You will improve your cyber hygiene and enable you to identify security weaknesses safely, legally, and ethically.

What units will I study?

- ✦Data Security
- ✦Digital Forensics
- ✦Ethical Hacking

Entry requirements

You don't need passes in specific subjects to join this course, but you need a positive attitude, and you should be willing to learn new skills

How will I be assessed

Assessments will be undertaken throughout the course and will require written submissions, open and/or closed book assessments conducted under exam conditions.

Where will it take me?

Once you have successfully completed the course, you may wish to consider the PDA at SCQF Level 7 in Cyber Resilience.

SCQF Credit Points 18

NPA Computer Games Development

SCQF Level 6

What skills will you gain?

You will acquire an understanding of the concepts and fundamental principles involved in digital gaming planning and design.

You learn how to recognise and distinguish differences between numerous gaming platforms, environments and genres.

You will plan and design a level in a digital game and be introduced to the role of the games designer.

You will acquire an understanding of the different types of media asset required for developing a digital game.

You will learn how to plan and produce media assets for use in a game development environment.

You will gain an understanding of the processes involved in the final stages of development of a digital game.

You will learn how to use your chosen game development environment to bring together all the parts and produce a working game.

You will gain an understanding of the evaluation process and then you will then go on to plan, create and deliver a promotional activity.

Entry requirements

There are no formal entrance requirements; however, you will be interviewed to determine whether this is the right course for you.

How will I be assessed

You will be assessed on a portfolio of your work which you will compile as you undertake this course.

Where will it take me?

Successful completion of this award could count towards an NC Computing with Digital Media or eventually HNC in Interactive Media or support your application into direct employment within the Web Development Sector.

SCQF Credit Points 18

What units will I study?

- + Computer Games: Design
- + Computer Games: Development
- + Computer Games: Media Assets

NPA Creative & Digital Media

SCQF Level 6

What skills will you gain?

Do you love being creative? Have you thought about working in film, TV, radio, publishing, games or online media?

The NPA in Creative and Digital Media could be your foot in the door. Employers are looking for people who understand visual communication for their brands, how to build communities through web and social media platforms and have design and technical skills. You'll try out creative roles and build the practical skills and experience you need to do the job well.

If you want to progress your studies you'll have the option to continue on to the Foundation Apprenticeship in Creative and Digital Media.

What units will I study?

- + Creative industries: an introduction - Scotland
- + Storytelling for the creative industries
- + Understanding the creative process
- + Understanding a creative brief

Entry requirements

You must already have three passes at National 5 and will need to have a high level of motivation and commitment to learn.

How will I be assessed

You will be assessed on a portfolio of your work which you will compile as you undertake this course.

Where will it take me?

On completion of this course, you may progress onto HNC or HND in Digital Media

SCQF Credit Points 30

FA Creative & Digital Media

SCQF Level 6

What skills will you gain?

Do you love being creative? Have you thought about working in film, TV, radio, publishing, games or online media?

A Foundation Apprenticeship in Creative and Digital Media could be your foot in the door. Employers are looking for people who understand visual communication for their brands, how to build communities through web and social media platforms and have design and technical skills. You'll try out creative roles, shadow experienced professionals, or do a special project. You'll build the practical skills and experience you need to do the job well.

What units will I study?

- ✦ Work effectively with others in the creative industries
- ✦ Ensure responsibility for actions to reduce risks to health and safety
- ✦ Communicate using marketing/sales channels
- ✦ Use digital and social media in marketing campaigns
- ✦ Edit audio and video material
- ✦ Media project
- ✦ Foundation Apprenticeship certification unit

Entry requirements

You must already have three passes at National 5 and will need to have a high level of motivation and commitment to learn. You will be invited for an interview.

How will I be assessed

Assessments will be undertaken throughout the course and will require written submissions, observations of you participating in (mock) workplace scenarios and open and/or closed book assessments conducted under exam conditions.

Where will it take me?

On completion of this course, you may progress onto HNC or HND in Digital Media

SCQF Credit Points 63

Business

NPA Business & Marketing

SCQF Level 5

What skills will you gain?

This NPA (National Progression Award) provides knowledge and skills in Business and Marketing. It covers areas like market research, promotion, event organisation, customer care, and selling skills. It's directly relevant to current practices and will enhance your understanding of the business sector.

What units will I study?

- + Understanding Business
- + Management of People and Finance
- + PC Passport: IT Software — Word Processing and Presenting Information
- + PC Passport: IT Software — Web Apps: Spreadsheets

Entry requirements

As this NPA is at SCQF level 5, candidates may be expected to have groupings of relevant Units at SCQF level 4 and/or any relevant National Qualifications. To get the best out of this course you should enjoy working with others and have a real interest in business/marketing.

How will I be assessed

Assessments will be undertaken throughout the course and will require written submissions and observations of you participating in (mock) workplace scenarios.

Where will it take me?

- + Foundation Apprenticeship in Business Skills - at school
- + Modern Apprenticeship in Business and Administration – work-based

SCQF Credit Points 30

Social Sciences

Higher Sociology

SCQF Level 6

What skills will you gain?

- ✦ an understanding of society through gaining knowledge and understanding of sociological perspectives, theories and concepts
- ✦ the ability to challenge common-sense explanations about human social behaviour using sociological understanding and evidence
- ✦ an understanding of cultural and social diversity, including the significance of relationships among individuals, groups and institutions in a changing social world
- ✦ an understanding of the role of sources of information, research evidence and research methods used in sociology
- ✦ research skills, including the ability to select, organise, analyse and evaluate information – thinking and communication skills used in sociology.

Higher Psychology

SCQF Level 6

What skills will you gain?

Psychology is defined as 'the scientific study of the mind and behaviour'. As well as a basic interest in human behaviour, you should have a basic grasp of scientific principles and the ability to analyse and evaluate theories and research studies. Assessment will involve describing relevant knowledge, analysing and evaluating this knowledge in terms of its scientific content, practical applications, ethical considerations etc. You will design an experiment/non-experiment based on a SQA candidate brief and write up a research report. This is worth 40% of the final mark and is marked externally. There is also a requirement to complete one piece of practical coursework.

What units will I study?

- ✦ Individual Behaviour
- ✦ Research
- ✦ Social Behaviour

Entry requirements

You should have achieved or be working towards Higher English

How will I be assessed

Assessments will be undertaken throughout the course and will require written submissions.

Where will it take me?

Higher Sociology is suitable preparation for entry to higher education courses in Social Sciences or further study in other academic and vocational subjects.

SCQF Credit Points 24

What units will I study?

- ✦ Human Society
- ✦ Culture and identity
- ✦ Social Issues

Entry requirements

You should have English and Psychology at National 5.

How will I be assessed

You are required to submit a project assignment in April which will be worth 40% of your total mark, and undertake a formal written exam at the end of the course worth 60% of the overall mark.

Where will it take me?

Higher Psychology is suitable preparation for entry to higher education courses in psychology or further study in other academic and vocational subjects.

SCQF Credit Points 24

Health & Social care

SfW Health Sector Skills

SCQF Level 5

What skills will you gain?

The Health Sector is one of the largest employers in the country and provides employment opportunities through a varied range of disciplines. Primary and secondary care in the NHS are the most common routes to employment, but this course will cover other areas such as complementary therapies, the retail pharmaceutical industry and the community and voluntary sectors.

You will learn about the services provided by the Health Sector in your local area, the life sciences industry and their role in the diagnosis and treatment of illness, the importance of promoting a healthy lifestyle and the structure and function of the cardiovascular system.

You will also look at the health and safety risks to workers in the Health Sector and learn about the range and diversity of careers in non-clinical roles in the Health Sector.

What units will I study?

- + Working in the Health Sector
- + Life Sciences Industry and the Health Sector
- + Improving Health and Wellbeing
- + Physiology of the Cardiovascular System
- + Working in Non-Clinical Roles

Entry requirements

Ideally you should be working towards National 5.

How will I be assessed

Assessments will be undertaken throughout the course and will require written submissions and observations of you carrying out practical tasks.

Where will it take me?

- + A Foundation Apprenticeship in Social Services and Healthcare – at school
- + A Modern Apprenticeship in the Health sector – work based
- + Access to Nursing Course – at college
- + SVQ in Social Services and Healthcare – at college
- + Nursing Degree – at university

SCQF Credit Points 24

FA Social Services and Healthcare

SCQF Level 6

What skills will you gain?

The care sector has one of the fastest growing workforces in Scotland with over 199,600 social service workers in Scotland today working in a range of settings. One in 13 people employed in Scotland work in social services.

There are many different career opportunities and career pathways across this range of settings. Job roles in adult services include personal assistant, care assistant, support worker, supervisor, senior care worker, team leader, care home manager, centre manager and service manager.

Social Services offer a challenging and rewarding career providing support and help to people who need it, helping them to live full and valued lives in the community.

What units will I study?

- + Social Services in Scotland
- + Safeguarding People
- + Communication in Care Relationships
- + Safe Practice and Wellbeing in Social Services
- + Human Development and Social Influences

Entry requirements

Ideally you will have 3 passes at National 5 level gained in S4/5 at C pass or above. (Ideally one should be a literary subject such as English, geography or psychology).

How will I be assessed

Assessments will be undertaken throughout the course and will require written submissions, observations of you participating in (mock) workplace scenarios and open and/or closed book assessments conducted under exam conditions.

Where will it take me?

Successful completion of the Foundation Apprenticeship could provide progression to advanced entry to a Modern Apprenticeship in Social Services and Healthcare.
